**AMBULANCE DISTRICT
PARAMEDIC SERVICE**

Blaine Patterson and James Pennington with Magic Valley Paramedics were present to answer questions regarding establishing and operating a Paramedic Service. Although Magic Valley Paramedics service is considerably larger than Gooding County there are several comparable expectations. Fifty-five percent of Magic Valley Paramedics calls were ALSII (advance life support) with thirty-eight percent of the ALS calls were for pain management. Gooding County would like to provide this higher level of care to their citizens.

Commissioner Bolduc adjourned the meeting.
